

# Sticking Together for good jobs and healthy communities

Safeway grocery workers are some of the best in the industry. We've worked hard to make our company one of the most successful in the world, and we ALL deserve good benefits and wages.

Safeway workers are sticking together for...

...a fair contract for Baltimore/Washington, D.C.-area Safeway workers--one that includes wage increases, and affordable health care coverage.

...career jobs in the grocery industry, with wages that pay the bills, good benefits, and the opportunity for advancement.

**Will you stick together with us?**

Safeway workers nationwide will be wearing stickers to show our solidarity and support for Baltimore/Washington D.C.-area Safeway workers and fellow UFCW members.

*Your rep, steward, or store coordinator will get in touch with you about when to wear the stickers.*

## We are More Powerful When we Stick Together!

 **UFCW**  
a VOICE for working America
